

## REMARKS

Claims 1-8 are pending in the present application. Claims 9-24 have been cancelled. In response to the Notice of Non-Compliant Amendment dated March 29, 2004, Applicant has revised the Amendment so that each section of the amendment appears on a separate sheet. Additionally, Applicant has amended the specification to remove reference to "carbonal". In investigating the generic name for carbonal, it came to Applicants attention that there was a typographical error; that is, applicant intended to reference Carbopol® (B. F. Goodrich Company, New York, New York). For simplicity's sake, the reference to carbonal has been removed from the specification. Lastly, Applicant revised the listing of the claims to properly include status identifiers. No new matter has been added.
